

TECHNICAL DATA SHEET FOR PAL50 PKS.

Description.

PAL50 storage box kit with removable compartments containing 2000 single character 316 grade stainless steel PKS markers, 300 carrier strips and 200 cable ties. The marker sleeves can easily be fitted over the carrier strips which means that any size of cable or pipe can be marked. The Acid resistant Stainless Steel material is resistance to many hostile environments including fire. With high quality stamped characters the markers ensure legibility together with high abrasion resistance.

Kit Contents.

- 50 of each 0-9 (inclusive) Stainless Steel numbered markers.
- 50 of each A-Z (inclusive) Stainless Steel letter markers.
- 50 of each +, -, /, \neq symbol markers.
