

# TECHNICAL DATA SHEET FOR PAL50 PA2CC.

## Description.

50 compartment storage box kit with removable compartments containing 5000 PA2 markers. The PA2 markers are a closed permanent grip adjustable marker sleeve for unconnected cables, with spring action bellows to reduce the number of sizes required. The characters are hot stamped which gives excellent legibility and high abrasion resistance.

## Kit Contents.

200 of each International colour coded 0-9 numbered markers ( inclusive ).  
100 of each A-Z letter markers ( inclusive ).  
100 of each +, -, /,  $\neq$  symbol markers.

All the letters and symbols are black text on white marker, the numbers are colour coded to the international resistor codes.

## Cable Capacity.

Cable maximum diameter 10.0mm.

Cable minimum diameter 4.0mm.

Cables sizes 2.5mm<sup>2</sup> to 16mm<sup>2</sup>.

## Sleeve Material specification.

Soft PVC.

Sleeve length 4mm.

Temperature shape permanence -30°C to +60°C

Flammability to UL94-V0.

## Overall Box Dimensions.

Width = 320mm.

Depth = 50mm.

Length = 410mm.

Weight = 2.36 Kg.
